GUIDELINES ON THE NCCA PUBLICATION PROGRAM

I. BACKGROUND

Per its mandate, the NCCA shall ensure the widest dissemination of artistic and cultural products among the greatest number across the country for the public's appreciation and enjoyment. Furthermore, the Commission shall encourage and support publication of Filipino creations and scholarly researches and popularize information on Filipino artistic and cultural achievements.

The following guidelines shall be the bases for approval of NCCA assistance for publication based on the above mentioned areas of concern.

II. GENERAL GUIDELINES:

The NCCA Publication Grant shall be one of the tools for the Commission to realize its mandate of disseminating information materials on Philippine arts and culture. It shall cover publication in printed or electronic form.

The publication grant aims to promote the works of Filipino authors/ writers and to develop a rich pool of information resources on Philippine arts and culture. In terms of priority, the NCCA will be more involved in publishing creative works and cultural research. Creative works include literary works, literary translations, musical compositions, or any art work which can be replicated and distributed to the public. Cultural research includes studies in history, tradition and folklore, critical works, ethnographic studies, education manuals, dictionaries and encyclopedias, among others. The NCCA will also support interactive or experimental works.

Considering the limited resources of the NCCA, financial assistance for the publication of coffee table and book launching are not priorities.
