Dear Bishop Mercado,

Greetings from the National Commission for Culture and the Arts (NCCA)!

This is reference to your request for approval of your proposal to install air-conditioning units for the Good Shepherd Parish that is located at Sanggumay Street, Doña Manuela Subdivision, Las Piñas City. The said church is a work of National Artist Francisco Mañosa, thus, it is a presumed Important Cultural Property.

After the careful review and evaluation your submitted documents, we hereby respectfully inform you that this Commission has no objection to your proposal as long as it is ensured that the grilles and/or diffusers of the air-conditioning units is linear and continuous, and that the original design and materials of the ceiling be restored. Further, the outdoor units of the system must not affect the architectural features or the edifice of the structure.

Any deviation from the submitted and approved proposal must seek clearance again from this Commission. We shall continue to monitor this project until its completion.
